CFSAI Trade Advisory

This is to inform all the stakeholders of the EXIM Containerized trade at JNPA namely Importers , Exporters, Custom Brokers , Shipping Lines, Agents, Freight Forwarders, MTOs & others that there has been extremely heavy congestion for last 9 days at GTI Terminal and now for last 4 days at NSICT. As per reliable sources, yard inventory in JNPA Terminals (all Terminal combined) is well over 65.000 TEUs. Our Member CFSs TTs are stuck for over 12 hrs for Gate- In.

Whilst the trade is being sensitized through the Daily Traffic Advisories issued by CFSAI & some other stakeholders, the delays due to traffic congestion is impacting entire EXIM Cycle, increasing the turn around time of TTs substantially and ultimate delivery to the Importers and also connection of Exports to Terminals . Since this delay is not attributed to our Member CFSs, please note that our Member CFSs will not be responsible for any delays arising out of the congestion as stated above

For the Container Freight Stations Association of India

Umesh Grover
Secretary General
