1. Introduction

The new CBIC E-Payment platform, a marquee initiative of CBIC (ICEGATE), has been envisaged to enable the functionality for collecting both tax and non-tax receipts for CBIC on behalf of Third-party applications like CBIC GST, SEZ, and ICES or any other third-party application in future through multiple modes of payment i.e. NEFT/RTGS and Internet Banking and Electronic Cash Ledger. The platform has been designed as best-in-class with real time API based integration between ICEGATE and all stakeholders to provide superior user experience of payment to the Taxpayer and real-time accounting and settlement of government revenues.

2. Overview of Electronic Cash Ledger

- The e-Cash Ledger module enables user to create a virtual account on ICEGATE website and act as mode of payment to pay custom duties online apart from the current mode of payments which are Internet Banking and NEFT/RTGS.
- Cash ledger is a type of wallet facility on ICEGATE website to credit funds in the virtual account of the registered trade user and use for custom duty payments.
- A wallet can be activated by the registered IEC holders and deposits can be made into it through Internet Banking or NEFT/RTGS.
- To ensure no unauthorized access to Cash Ledger account the service is only available post login and to further enhance the access control mobile and email OTP based mechanism is envisaged in e-Cash Ledger.

3. Authorized user for Electronic Cash Ledger account

S.NO	User Type	ECL Wallet Functionality
1.	IEC Holder	Yes
2.	CHA	Yes
3.	Courier Partners	Yes
4.	Unaccompanied Baggage declaration	No
5.	Central Excise & Service Tax	No
6.	SEZ	No

The screenshot shows the ICEGATE ECL Custom Duty page. At the top, there is a header with the ICEGATE logo and navigation links. Below the header, there is a section titled "List of Selected Imported Documents". This section contains a table with the following columns: S.No., Document Number, Document Date, Document Number, Document Date, and Total Amount. The table has one row with the following data: 1, 12345678, 12/12/2023, 12345678, 12/12/2023, and 1000. Below the table, there is a "Back" button and a "Proceed to Payment" button. At the bottom of the page, there is a footer with the ICEGATE logo, "About ICEGATE" section, "Accessibility" section, and "Contact" section.

- m) User will be directed to payment option where NEFT, RTGS and Netbanking modes of payment will be available . User can select any mode of payment. By default NEFT Mode of payment is selected.

The screenshot shows the ICEGATE ECL Custom Duty page with the "Payment Options" section. This section displays three payment options: NEFT, RTGS, and Net Banking. Each option is represented by a computer monitor icon with a currency symbol. Below the payment options, there is a "Generate Mandate Form" button. The total duty amount is shown as 1000.

- n) If user selects NEFT/RTGS as mode of payment, an option to generate mandate form will be available as shown in below screen.
