Directorate General of Systems and Data Management CENTRAL BOARD OF INDIRECT TAXES & CUSTOMS

1. Introduction

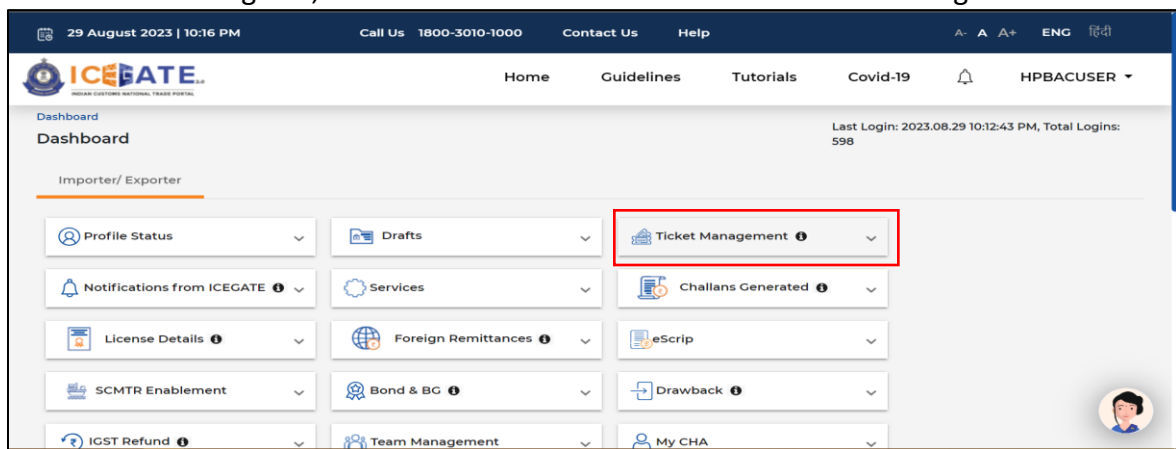

The self help module in ICEGATE 2.0 aspires to minimize manual intervention in ticket management as well as to speed up ticket logging and information dissemination pertaining to logged tickets. To achieve this goal, ticket logging functionality has been provided in post-login scenario for registered trade user. Here he can log tickets and choose the categories himself, thus reducing manual selection from Helpdesk personnel. All the tickets of the registered user will be available at a single location post-login and the status of the same along with the solution (if ticket is resolved) will be shown.

2. How to raise a ticket ?

- a) User will go to <https://foservices.icegate.gov.in/#/login> and will log in using their username and password.

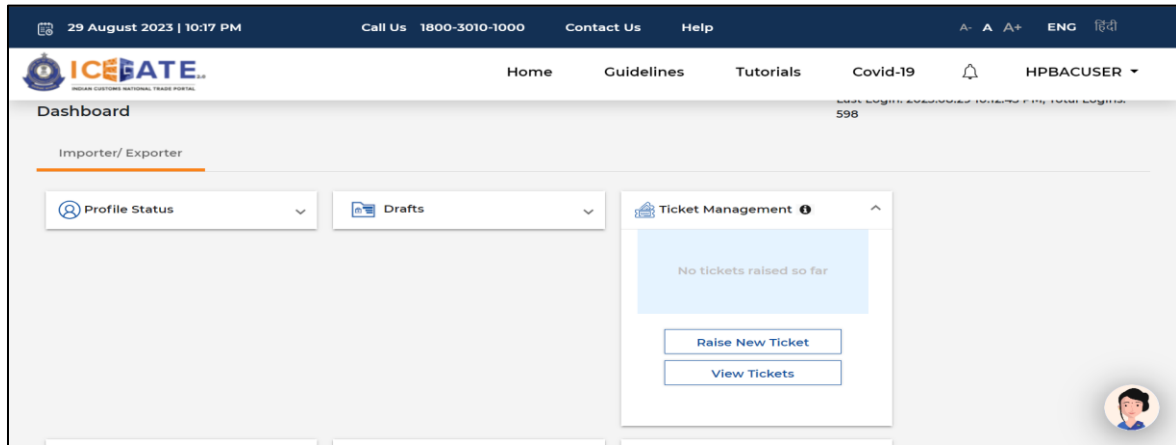

- b) After successful login in, the user can access the dashboard's ticket management feature.

- c) On clicking Ticket management button two option will be show **Raise new ticket & View tickets**. User need to click on raise new ticket.

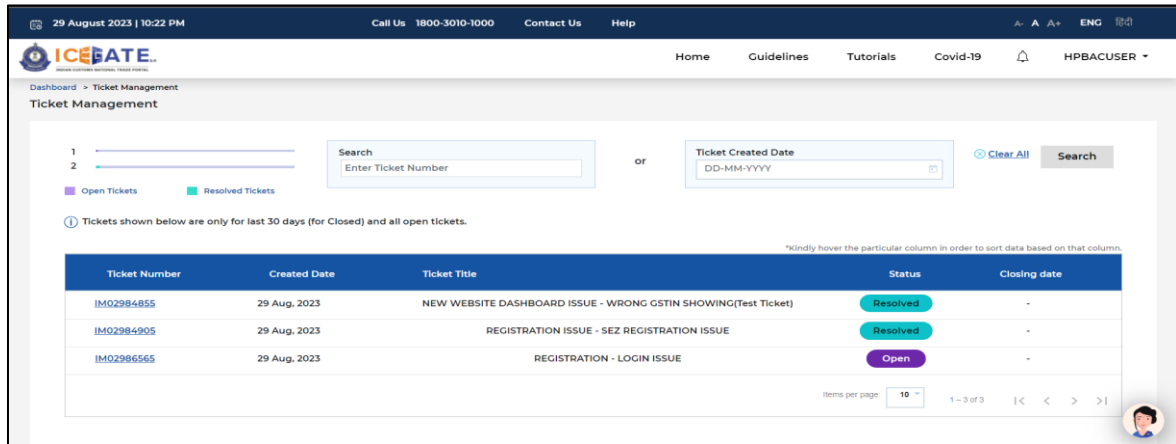

- d) On clicking **raise new ticket** button. User will be navigated to Log ticket page where User will fill the required mandatory details and click on Submit button.

The screenshot shows the 'Log Ticket' page. It has a top navigation bar with links for Home, Guidelines, Tutorials, Covid-19, and a user profile icon. Below the navigation bar, there's a 'Log Ticket' section with a 'Track Ticket Status' button. The form contains several fields: 'Category' (dropdown), 'Product Type' (dropdown), 'Problem Type' (dropdown), 'Details Required For Analysis' (text area), 'Issue Brief' (text area), and 'Attachment' (file upload area). There are 'Cancel' and 'Submit' buttons at the bottom.

- e) On clicking the Submit button a new incident will be raised, and user will be notified via email.

The screenshot shows the 'Ticket Management' section of the ICEGATE portal. It includes a search bar with options to search by 'Ticket Number' or 'Ticket Created Date'. Below the search bar, there are filters for 'Open Tickets' and 'Resolved Tickets'. A table displays the following tickets:

Ticket Number	Created Date	Ticket Title	Status	Closing date
IMO2984855	29 Aug. 2023	NEW WEBSITE DASHBOARD ISSUE - WRONG GSTIN SHOWING(Test Ticket)	Resolved	-
IMO2984905	29 Aug. 2023	REGISTRATION ISSUE - SEZ REGISTRATION ISSUE	Resolved	-
IMO2986565	29 Aug. 2023	REGISTRATION - LOGIN ISSUE	Open	-

At the bottom of the table, there is a pagination control showing 'Items per page: 10' and '1 - 3 of 3'.

3. How to check ticket status ?

a) User can check the ticket status by clicking on **View tickets** button.

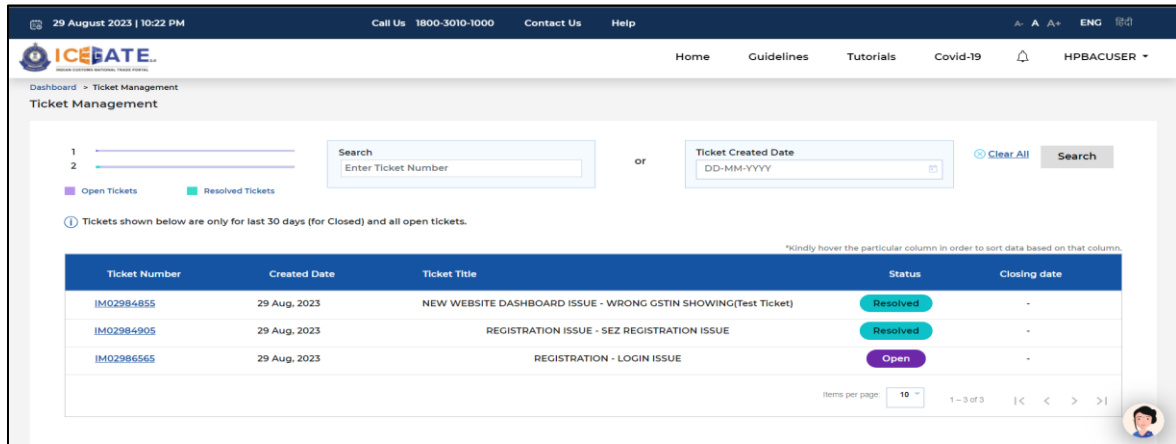

The screenshot shows the 'Dashboard' section of the ICEGATE portal. It includes a 'Ticket Management' section with a 'View Tickets' button. The 'Ticket Management' section also displays a message: 'No tickets raised so far'.

b) Once user click on View tickets. List of all the ticket raised by user will be shown along with the status.
