1. Getting Started.

Welcome to the user manual of ICEGATE 2.0 “**e-Bond and e-BG**” functionality. The manual offers a detailed account of all the features incorporated in the functionality and explains the steps involved in submission of e-Bond requests on ICEGATE 2.0 and the linking of e-BGs to these e-Bonds.

2. Brief About User manual.

(a) Purpose:

The user manual is designed to provide step by step illustration of all the steps that are involved in submission of e-Bond requests on ICEGATE 2.0 and the linking of e-BGs to these e-Bonds. It may be noted that currently, the linking functionality only caters to the linking of e-BGs (generated through the integrated Banks – List provided in the Circular issued by the Board) and e-Bonds that have been created through the ICEGATE e-Bond and e-BG module.

(b) Intended Audience:

This user manual is intended for use by Importers/ Exporters/ SEZs who wish to avail the e-Bond and e-BG service, on the ICEGATE portal, to facilitate electronic generation and submission of Bonds to the users. Multiple single-purpose Bonds will be compiled into a Single All-India Multipurpose electronic Bond, covering all possible scenarios for enforcement of the Bond, as selected by the user.

(c) Stakeholders:

1. **ICEGATE** – For the generation of eBond and linking of an e-BG with the eBond.
2. **ICES** – For storage and operations of the Bond and Bank Guarantee data
3. **National eGovernance Services Limited (NeSL)** – For the Stamping and eSigning of the eBond and as a repository for eBGs.
4. **eSanchit** – Document repository for the executed eBonds and linked e-BGs

(d) Functionalities under development:

The eBond and the linking of the e-Bank Guarantee functionality currently provides for the generation of a Single All-India Multipurpose electronic Bond (eBond) and the linking of this eBond with an e-Bank Guarantee (e-BG) that the user has procures from on of the Banks integrated with NeSL. The following functionalities are planned as enhancements in upcoming phases:

- i. eBonds executed with a surety
- ii. Option to include additional obligations or additional amount at the later stage. (Supplementary Bonds)
- iii. Additional scenarios and purposes (other than those already given)
- iv. Verification and Integration of Paper Based Bank Guarantee through SFMS.

(e) Applicability in States:

- i. For the purpose of generation of eBond, NeSL currently has agreements with, and provides for stamping services for the following states only. However, it may be noted that eBond is an “all India” bond and will be executable across all Customs ports/Commissionerate in the country. Whenever another state/UT is enabled at NeSL for e-BG and e-Bond, the same will be intimated to all stakeholders.

S. No.	States/UTs
1.	Delhi
2.	Gujarat
3.	Jharkhand
4.	Karnataka
5.	Kerala
6.	Odisha
7.	Puducherry
8.	Rajasthan
9.	Tamil Nadu
10.	Telangana
11.	Tripura
12.	Uttar Pradesh
13.	West Bengal
14.	Chhattisgarh

ii. e-Bank Guarantees can be generated in the following states/Union Territories:

S. No.	States/UTs
1.	Delhi
2.	Gujarat
3.	Jharkhand
4.	Karnataka
5.	Kerala
6.	Odisha
7.	Puducherry

9.	Tamil Nadu
10.	Telangana
11.	Tripura
12.	Uttar Pradesh
13.	West Bengal
14.	Chhattisgarh
15.	Andaman & Nicobar
16.	Andhra Pradesh
17.	Assam
18.	J&K
19.	Madhya Pradesh
20.	Maharashtra
21.	Manipur
22.	Meghalaya
23.	Punjab
24.	Uttarakhand

3. Accessing the E-Bond Functionality.

(a) User can access the E-Bond functionality by logging into ICEGATE Dashboard, by providing ICEGATE ID and Password and clicking on <Login> button. The 'User Type' that needs to be selected shall be 'ICEGATE User'.

The screenshot shows the ICEGATE login interface. At the top, there's a header with the portal name, date (26 March 2024), time (05:25 PM), and a 24x7 Helpdesk number. Below the header is a navigation bar with links like About Us, Advisories, Video Tutorials, Reports, and Quick Links. The main content area features a large background image of a cargo ship at a port. Overlaid on this is a white login box titled 'Welcome to ICEGATE'. Inside the box, the 'User Type' is set to 'ICEGATE User' (selected with a radio button). The 'ICEGATE ID' field contains 'FYTP50667BPSU02'. The 'Password' field is masked with dots and has a 'Show' toggle. Below the password field is a 'Forgot ICEGATE ID/ Password?' link. A prominent orange 'LOGIN' button is present, along with a 'New to ICEGATE? Register Now' link. A small user profile icon is visible in the bottom right corner of the login box.

(b) Upon successful login, the system will display the dashboard of the User.

The screenshot displays the user's dashboard after a successful login. The header is identical to the login page. The dashboard area is filled with various service widgets, each with a dropdown arrow. These include: Profile Status, Drafts, Ticket Management, Notifications from ICEGATE, Services, Challans Generated, License Details, Foreign Remittances, eScrip - Credit Ledger, IGST Refund, and Drawback. The 'Services' widget is highlighted with a red box, indicating the next step in the process.

(c) User can find the Service widget on ICEGATE Dashboard and navigate to **Services** >> **E-Bond** >> **E-Bond**.

This screenshot shows the dashboard with the 'Services' widget expanded. The 'Services' widget is highlighted with a red box. Within its dropdown menu, 'E-Bond' is selected and highlighted with a red box. Below the 'E-Bond' option, another 'E-Bond' link is visible, also highlighted with a red box. The dashboard also shows the user's last login information: 'Last Login: 2024.09.03 12:06:10 PM, Total Logins: 1029'. The top of the page features the Ministry of Finance logo and the ICEGATE logo.

(d) Clicking on the “E-Bond” link, the user will be redirected to the E-Bond dashboard.

The screenshot displays the E-Bond User Dashboard interface. At the top, the Ministry of Finance logo and the ICEGATE 2.0 header are visible. A navigation bar includes links for About Us, Advisories, Tutorials, Reports, and Quick Links. A breadcrumb trail at the top left indicates the user's location: 'Dashboard > E-Bond User Dashboard'. The main content area features a 'Create E-Bond' button on the right and a search section on the left with 'From Date' and 'To Date' dropdowns (formatted DD-MM-YYYY) and a 'Search' button. At the bottom, a table header is shown with columns: Sr. No., REFERENCE NUMBER, DATE, CUSTOM LOCATION, BOND VALUE, and STATUS. A user profile icon for 'Vaani' is located in the bottom right corner.

4. Creation of E-Bond Request.

User can access this dashboard for accessing the webform for requesting E-Bond and for viewing the status of submitted forms.

(a) The following steps will be followed by the user for applying for E-Bond:

Step 1: Click on the <**Create E-Bond**> button to access the form.

The screenshot shows the ICEGATE 2.0 E-Bond User Dashboard. At the top, there is a header with the Ministry of Finance logo and the ICEGATE 2.0 logo. Below the header is a navigation bar with links: About Us, Advisories, Tutorials, Reports, and Quick Links. The main content area has a breadcrumb trail: dashboard > E-Bond User Dashboard. On the right side, there is a red-bordered button labeled "Create E-Bond". Below this button, there is a search form with two date pickers labeled "From Date" and "To Date", both showing "DD-MM-YYYY". A "Search" button is located to the right of the date pickers. At the bottom, there is a table with columns: Sr. No., REFERENCE NUMBER, DATE, CUSTOM LOCATION, BOND VALUE, and STATUS. A user profile icon for "Vaani" is visible in the bottom right corner.

Step 2: On clicking the button above, the User will be required to fill out the form. The form is divided into three tabs namely, Entity Details, E-Bond Details and E-Bond Signatory Details. Each tab is explained in detail below:

4.1. Entity Details.

(a) This section will display the details of the trade user who is creating the e-bond. As per assigned role in the ICEGATE system, 'Entity IEC', 'Entity Name', 'Entity GSTIN', 'Entity Type', 'Registered Office Address', 'Registered Office Address Pin code', 'Officially Valid Document Type', 'Officially Valid Document Value', 'Contact Number' and 'Entity Email' of the user will be auto displayed by the system from the details available in user's profile.

(b) The user will have to enter 'Date of Incorporation/ Date of Birth' and choose 'Legal Constitution of the Entity' and State from the dropdown.

Important Note: The Importer/exporter executing the bond has to ensure that applicable stamp duty is paid. In this regard, it may be noted that the "State" being selected can either be where the registered office of the entity is located or the customs location being selected by the user in the eBond details tab (and consequently the approving officer) is located.

The screenshot displays the 'Entity Details' form within the ICEGATE E-Bond User Dashboard. The form is divided into two main sections: 'Entity Details' (highlighted with a red box) and 'E-Bond details' (disabled). The 'Entity Details' section contains the following fields:

- Entity IEC***: EBOND12345
- Entity GSTIN***: 09AACCN5773A1ZJ
- Entity Name***: Reliance Industries Limited
- Legal Constitution of the Party/Entity***: Select
- Entity Type***: Indian Entity
- Additional Nature of Entity***: Select
- Date of Incorporation/Date of Birth***: DD-MM-YYYY
- Registered Office Address***: Gold Hill SupremeShantipura Cross RoadsElectronic City Phase 2252Delhi

The 'E-Bond details' section contains the following fields:

- Registered Office Address Pincode***: 110002
- State***: Select State
- Officially Valid Document Type***: PAN
- Officially Valid Document Value***: FQVPS2423F
- Contact Number***: 6376714449
- Entity Email***: kiran.yadavinfosys@icegate.gov.in

At the bottom right of the form, there are two buttons: 'Save as Draft' and 'Continue'.

(c) A validation has been introduced to ensure the veracity of the details being filled by the user. The 4th character of the PAN number and the Legal Constitution of the entity should be ensured to be as per the mapping table displayed below:

Please find below the validation grid for the Legal Constitution in relation to the fourth character of PAN/UIN.

Legal Constitution	4th Letter PAN / UIN
Public Ltd	C or E
Private Ltd	C or E
Proprietorship	P
Partnership	F
LLP	F
Trust	T
HUF	H
Association of Persons	A
Artificial Juridical Person	J
Government	G
Local Authority	L

4.2. e-Bond Details.

(a) In this section, the user will have to select the 'Customs Location' and enter the 'Bond Value' and 'Stamp Duty Amount'. The amount entered in the Bond value will be automatically reflected in the field 'Consideration Price' which will be non-editable.

4.3. E-Bond Signatory Details.

(a) In this section, the user is required to validate the Aadhaar details. 'Name of the Individual', 'PAN Number', and 'Relationship of the individual to the Entity' will be auto populated by the system from the user's profile.

(b) Click on <**Validate Aadhaar**> button to verify the E-Bond Signatory details. Aadhaar validation occurs through the Digi locker Application. The users are advised to first register on Digi locker before attempting validation to ensure successful validation.

Important Note: The user is advised to register with DigiLocker before-hand using their Aadhaar details to ensure successful validation at this stage. User can sign up on DigiLocker using the following link:

5.2. Steps Involved in e-Signing the Bond

The user will follow the following steps to e-signing the Bond.

- Step-1** The users can view the Bond document in a pop-up window after e-stamping. After reviewing it, they can click the pop-up window's close button. As seen in the screen below, this will direct them to the e-signing window.
- Step-2** The user will check the consent box before they can e-sign.
- Step-3** The user will select "OTP Based E-sign," which will be an Aadhaar based authentication method. (Currently, only the OTP based E-sign is available for use on the NeSL page. The other two options will remain disabled)
- Step-4** The user will click on the <E-sign> button.

Digital Document Execution 

Esign Consent

☒ I hereby state that I have no objection in authenticating myself with Aadhaar based authentication system and consent to providing my Aadhaar number, Biometric and/or One Time Pin (OTP) data for Aadhaar based authentication for the purposes of availing of the Aadhaar based Digital Signature from National E-Governance Services Limited. I understand that the Biometrics and/or OTP I provide for authentication shall be used only for authenticating my identity through the Aadhaar Authentication system, for obtaining my e-KYC through Aadhaar e-KYC service and for the issuance of Digital Signature Certificate (DSC) for this specific transaction and for no other purposes. For the creation of DSC, I understand that the options that I have chosen are the ones that shall be populated in the DSC generated by the CA and I provide my consent for the same. I also understand that the following fields in the DSC generated by the CA are mandatory and I give my consent for using the Aadhaar provided e-KYC information to populate the corresponding fields in the DSC.

Common Name (name as obtained from e-KYC)

Unique Identifier (hash of Aadhaar number)

Pseudonym (unique code sent by UIDAI in e-KYC response)

State or Province (state as obtained from e-KYC)

Postal Code (postal code as obtained from e-KYC)

Telephone Number (hash of phone as obtained from e-KYC)

I understand that National E-Governance Services Limited shall ensure security and confidentiality of my personal identity data provided for the purpose of Aadhaar based authentication. I hereby agree to authenticate the information by digitally signing using e-Sign facility with my Aadhaar number. I have understood NeSL's declaration that my Aadhaar information will be used only for the above said purpose and also that my OTP will not be stored by NeSL and will be submitted to UIDAI (CIDR) only for the purpose of this transaction. The requirement of digital signature for authentication of information is mandated by section 214 of IBC, 2016 read with IBBI (Information Utility) Regulations, 2017 and the Technical Standards guidelines issued thereunder. I also hereby declare that I am aware of the exclusion of certain instruments from the purview of digital execution under the First Schedule of the Information Technology Act, 2000 and that digital execution is not a valid mode of execution for the instruments mentioned therein.

6. Viewing the Status of E-Bond Requests Submitted.

The table in the E-Bond User Dashboard provides status of each request form which has been submitted successfully by the user. The 'Status' column provides the relevant information about the status of the request through the E-Bond process.

The screenshot shows the E-Bond User Dashboard interface. At the top, there's a header with the Ministry of Finance logo and ICEGATE 3.0 logo. Below the header, there's a navigation bar with links like 'About Us', 'Authorities', 'Tutorials', 'Reports', and 'Quick Links'. The main content area displays a table of submitted requests. The table has columns: Sr. No., REFERENCE NUMBER, DATE, CUSTOM LOCATION, BOND VALUE, and STATUS. The 'STATUS' column is highlighted with a red box. Below the table, there's a 'Create E-Bond' button and a search filter with 'From Date' and 'To Date' dropdowns.

Sr. No.	REFERENCE NUMBER	DATE	CUSTOM LOCATION	BOND VALUE	STATUS
1	EBOND000024120305282731	30/08/2024	INBJ6	800000	Draft Approval Awaited

6.1. Types of E-Bond Status.

Sl. No.	Status Type	Status Description
1.	Draft Approval Awaited	After new request submission by the user.
2.	Query Reply Pending	When the user response is pending to the Query raised by the user.
3.	Query Replied	When user has responded to the Officer Query.
4.	Draft Approved	When officer has approved the draft.
5.	Draft Rejected	When officer has rejected the draft.
6.	e-Stamp/e-Sign Pending	When the user is required to pay the stamp duty and digitally sign the bond document.
7.	Bond Approval Pending	When officer has to approve the user sign the bond document.
8.	Bond Approved	When Officer approves the Bond (signed) document.
9.	Bond Rejected	When Officer rejects the Bond document.
10.	Officer e-Sign Awaited	When Officer required to digitally sign the bond document.
11.	Application rejected due to e-Sign with Invalid Aadhar	When user digitally sign the draft bond document with incorrect Aadhaar details.

12.	Bond Generated	When officer digitally sign the final bond document.
-----	----------------	--

7. Features of E-Bond Webform.

This section provides a description of functionality which are common to all users for simplifying form filing process and enhancing efficiency during the filing process.

7.1. Save Application Form as Draft.

(a) The user can save the form in draft mode till submission. The user needs to click on the button **<Save as Draft>**, and the application filed by the user till now, will be saved in draft mode.

The screenshot shows the ICEGATE E-Bond Webform interface. The form contains the following fields:

- Registered Office Address Pincode*: 110002
- Officially Valid Document Type*: PAN
- Contact Number*: 6376714449
- State*: Select State (dropdown menu)
- Officially Valid Document Value*: FQVPS2423F
- Entity Email*: kiran.yadavinfosys@icegate.gov.in

At the bottom right of the form, there are two buttons: "Save as Draft" (highlighted with a red box) and "Continue".

(b) The system will display a message in pop-up window as- "Draft has been saved successfully. Your reference ID is XXXX" with reference ID number (ex.-1883) for the application form.

The screenshot shows the same ICEGATE E-Bond Webform interface as before, but with a success message pop-up window displayed in the top right corner. The message reads: "Draft has been saved successfully. Your reference ID is 1883". The "Save as Draft" button is now disabled (grayed out), and the "Continue" button remains visible.

(c) After clicking on **<Save as Draft>**, the user will remain on the form and will be able to continue populating the form. During this process, one entry will go to the draft widget of the user's dashboard.

(d) On subsequent login, the user needs to select the widget **'Drafts'**; the system will display list of draft applications saved by the user. The user needs to select the Draft and Continue the filing.

(e) On clicking the **'Filing Draft'** link above, the system will display all application forms which are saved in Draft mode.

(f) On clicking the highlighted box below, the saved form in the draft widget will open.

Linking of e-Bank Guarantee to the Bond (eBonds and Physical Bonds)

On ICEGATE 2.0

8. About e-BG User Manual

(a) Purpose:

The user manual is designed to provide a step-by-step illustration of all the steps that are involved in linking e-Bank Guarantee (e-BG) (generated through banks integrated with NeSL) with the eBond generated on ICEGATE 2.0.

(b) Intended Audience:

This user manual is intended for use by importers/exporters/SEZ who wish to electronically link their Bank Guarantee with Bond using the online service available on the ICEGATE portal. The users will be mandatorily required to submit the “IEC of the Applicant Entity”, e-Bond number with which they want to link the e-Bank Guarantee, and the “PAN of the Authorised Signatory” (the individual who is authorized to sign the e-BG at the Issuing Bank on behalf of the Applicant Entity) inter-alia. The detailed list of information to be provided by the user to create an e-BG is also provided below:

Sr. No.	Field	Mandatory/Optional	Values
1	UIN	Mandatory	NCTGC2441P
2	Name	Mandatory	Commissioner of Customs (enter Location of Commissionerate) on behalf of the President of India - (location may be informed to the trade user through Public Notice by various Commissionerate)
3	Email ID	Mandatory	Email ID of the Field Formation - (e mail id may be informed to trade through Public Notice)
4	Name of the Representative	Mandatory	Commissioner Of Customs of the Specified location
5	Mobile Number	Optional	Mobile number of the entity
6	Contract Reference Number	Mandatory	e-Bond Number against which e-BG is to be linked.
7	Business Unit Code	Mandatory	IE Code of the User requesting the e-BG
8	PAN of the Applicant Entity	Mandatory	Entity PAN

The following banks are currently integrated with NeSL for the provision of an e-BG:

SR.NO	BANK NAME
1.	Au Small Finance Bank Limited
2.	Axis Bank Limited
3.	Bank of Baroda
4.	Bank of India
5.	Bank of Maharashtra
6.	Canara Bank
7.	Central Bank of India
8.	City Union Bank Ltd
9.	DCB Bank
10.	Dhanlaxmi Bank Limited
11.	HDFC Bank Limited
12.	ICICI Bank Limited
13.	IDBI Bank Limited
14.	IDFC First Bank Limited
15.	Indian Bank
16.	Indian Overseas Bank
17.	IndusInd Bank Ltd
18.	Karnataka Bank Limited
19.	Kotak Mahindra Bank Ltd
20.	Punjab and Sind Bank
21.	Punjab National Bank
22.	RBL Bank Limited
23.	Standard Chartered Bank
24.	State Bank of India
25.	The Federal Bank Limited
26.	The Hongkong & Shanghai Banking Corporation Ltd.
27.	The Karur Vysya Bank Limited
28.	The South Indian Bank Ltd
29.	UCO Bank
30.	Union Bank of India
31.	Yes Bank Limited

9. Accessing the Linkage Functionality - BG with Bond.

(a) User can access the e-BG functionalities by logging into ICEGATE Dashboard, by providing ICEGATE ID and Password and clicking on <Login> button. The 'User Type' that needs to be selected shall be 'ICEGATE User'.

Profile Status, Drafts, Ticket Management, Notifications from ICEGATE, Services, Challans Generated, License Details, Foreign Remittances, eScrip - Credit Ledger, IGST Refund, Drawback

9.1. Steps of Linking e-BG to Bond.

The following steps need to be followed by the user to link the e-Bank Guarantee to the Bond (Both eBonds and Physical Bonds):

Step-1: User can find the Service widget on ICEGATE Dashboard and navigate to the **Services >> E-Bond >> Link eBg to Bond (Both eBonds and Physical Bonds)** module.

Profile Status, Drafts, Ticket Management, Notifications from ICEGATE, Services, Challans Generated, License Details, Foreign Remittances, eScrip - Credit Ledger, IGST Refund, Drawback

Services

- E-Bond**
 - Link eBg to Bond (Both eBonds and Physical Bonds)**
 - E-Bond
 - E-Payment
 - Electronic Filing

Step-2: By clicking on the “**Link eBG to Bond (Both eBonds and Physical Bonds)**” link, the user will be redirected to the dashboard screen.

Step-3: The user will be asked to select the relevant Bond number from the list of e-Bonds and Physical Bonds to which he wants to link an e-BG. The list of Bonds will be populated with the numbers of the e-Bonds and Physical Bonds linked with the user’s IEC.

If the user opts for linking a Physical Bond from the Bond Number drop-down list, they will be prompted to select the Customs Location from the drop-down list where the Bond in question has been generated.

Dashboard > Link eBG with Bond (Both eBonds and Physical Bonds)
